### Presented at 「Thailand Comic Con 2017」

Our subsidiary, Brain Navi Thailand (Bangkok Thailand) attended and ran an exhibition booth in Thailand Comic Con 2017 held at SIAM Paragon, a shopping center located in the middle area of Bangkok on 21 April – 23 April.

We introduced TCG (Trading Card Game) and gave trial experiences at booth. We also displayed illustrations of Mr. Anan Thitakom who is a Thai comic artist and introduced Mr. Erdenebayar, our exclusive comic artist of Mongolia and his work “Bumbardai “. Both of them serves as judges of our illustration contest. Also we conducted Virtual Reality (VR) experience game which we engaged in development and projection mapping dance stage. Over 5,000 guests visited our booth during the conference.

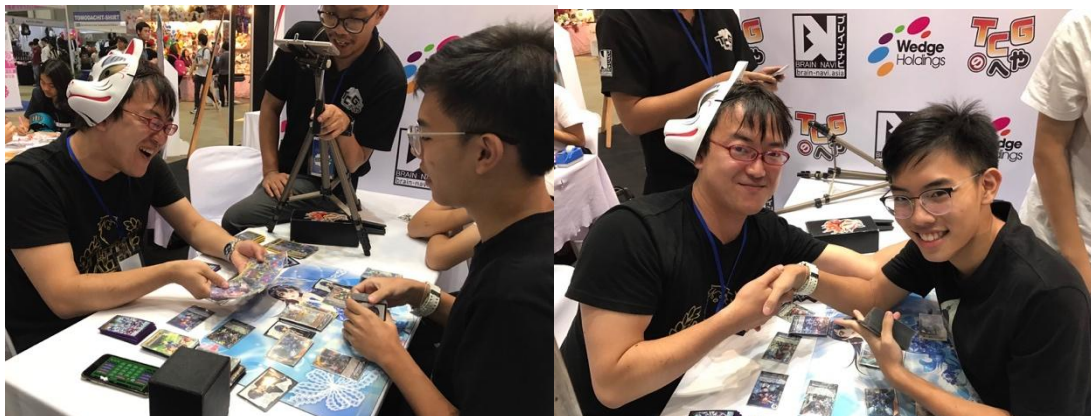

At the TCG trial experience, we applied TCG “Haikyu!! Volleyball Card Game!!” derived from popular animation “Haikyu!!” (TOMY COMPANY,LTD.) which we worked of card designs.

Many people enjoyed and liked their first time trail experiences of TCG. We expect future booming of "Haikyuu!!" such as fans enjoy costume play.

Our staff had many contacts with TCG users in Thailand and got many admirers at our booth.
