**TCG“HAIKYU!! VOLLEYBALL CARD GAME”
Product launch event for Indonesian version second edition “Rival”**

On 24 February 2019, Wedge Holdings Co., Ltd. (Headquarters: Chuo-Ku, Tokyo, Representative Managing Director and CEO: Mr. Tatsuya Konoshita) held an event to commemorate the product launch of HAIKYU!! VOLLEYBALL CARD GAME Indonesian version Second Edition “Rival”.

We attended the event called “Comic Frontier 12” (23-24 February 2019 at Balai Kartini) which also known as “Indonesian Comic Market”. In the event, we sold our products, opened a TCG experience booth, and also held lotteries.

In 2 days, more than 500 people visited our booth. Some of them liked the TCG very

much that they kept playing games even after they finished the trial. There were also some visitors who wanted to challenge our staff. Our TCG products are not only attractive due to their character image, but also well designed and high-performing as TCG. .

Also we held a product launch event of HAIKYU!! VOLLEYBALL CARD GAME Indonesian version Second Edition "Rival" at our event booth.

We already started initial sales of the new product on Indonesian EC site "Bibli" from 5 February 2019 and it will also be available on stores from March. It was good opportunity for us to promote the new product to target customers at the event before store sales.

As we already announced, we are developing the business of TCG "Haikyuu!! Volley Ball Card Game" throughout South East Asia in Vietnam and Indonesia as the first step. We will continue to warm up the contents industry through such events as well as actively act as the bridge for content holders and users.
